

MEMORANDUM OF UNDERSTANDING  
INTEGRATED REGIONAL WATER MANAGEMENT PLAN FOR THE WESTSIDE  
SUBREGION OF THE PROPOSITION 84 SACRAMENTO RIVER FUNDING AREA

**1. PURPOSE**

The purpose of this Memorandum of Understanding (MOU) is to document the mutual understanding of the Lake County Watershed Protection District, Napa County Flood Control and Water Conservation District, Colusa County Resource Conservation District, Solano County Water Agency and Water Resources Association of Yolo County (herein after referred to collectively as “Regional Public Agencies”) which collectively make up the Westside Subregion of the Proposition 84 Sacramento River Funding Area (Subregion), with respect to their joint efforts towards developing an Integrated Regional Water Management Plan (IRWMP) that will increase regional coordination, collaboration, communication and assist in obtaining funding for IRWMP development, flood management and water related projects. The basis of the designation of Westside Subregion is generally the Putah and Cache Creek watersheds.

**2. GOALS**

To foster coordination, collaboration and communication between Regional Public Agencies and other Subregion agencies responsible for water-related issues and interested stakeholders to achieve greater efficiencies, to provide for integration of projects, enhance public services and build public support for vital projects.

To assist in the development of a comprehensive plan to facilitate regional cooperation in providing but not limited to water supply reliability, water recycling, water conservation, water quality improvement, storm water capture and management, flood management, wetlands enhancement and creation, and environmental and habitat protection and improvements.

To prepare a planning grant application for the development of a Subregion IRWMP.

**3. DEFINITIONS**

Agency: A public entity, be it a special district, city, county or other governmental entity, responsible for providing one or more services in the areas of water supply, water quality, wastewater, recycled water, water conservation, storm water/flood control, watershed planning and aquatic habitat protection and restoration.

Integrated Regional Water Management Plan (IRWMP): A plan prepared pursuant to California Water Code Section 10530 et seq. that integrates the projects and management

plans of all water-related agencies and stakeholders in a region, in this case the Subregion, in order to foster coordination, collaboration, and communication among those entities and to assist decision-makers in awarding grants and other funding. The IRWMP will address but not be limited to water supply reliability, water recycling, water conservation, water quality improvement, storm water capture and management, flood management, recreation, wetlands enhancement and creation, and environmental and habitat protection and improvements.

Integration: Assembling into one document the water-related management strategies, projects and management plans in the Subregion. Projects and management plans would be categorized and opportunities identified to determine regional benefits of linkages between multiple water management strategies among projects and management plans of separate service functions and to see where projects and management plans of separate service functions may further interrelate, e.g. wastewater treatment and water recycling with habitat restoration.

Management Plan: An agency's or organization's plan, based in part on the land-use plans within the entity's jurisdiction, that addresses how that entity will provide service in the future in one or more of the following service functions: water supply, water quality, wastewater, recycled water, water conservation, storm water/flood control, watershed planning or aquatic habitat protection and restoration.

Projects: A comprehensive list of projects, programs, or policies that address: critical water quality needs of disadvantaged communities within the region, integration with land use planning, water supply reliability, drought preparedness, efficiency of water use and reuse, climate change response, environmental stewardship, recreation, integrated flood management, storm water capture and management, surface water and groundwater management and quality protection, improvement of tribal water and natural resources, and equitable distribution of benefits.

Proposition 84 Lead Applicant/Fiscal Agent: Designated role of entity to serve the purpose of the lead applicant and fiscal agent for the purposes of securing grant funding to develop the IRWMP on behalf of the Westside Subregion.

Stakeholders: Other entities, such as business and organizations, non profit groups, tribes and Public Utility Commission regulated entities interested in ensuring long term water supply, water quality and natural resources.

IRWMP Coordinating Committee: A committee comprised of representatives designated by the signatories of this MOU to work with other Subregions in the Proposition 84 Sacramento River Funding Area and the state to apply for funding for a planning grant and to manage development of an IRWMP for the Westside Subregion.

#### **4. IRWMP DEVELOPMENT PARTICIPANTS**

Regional Public Agencies: These are the agencies (Lake County Watershed Protection District, Napa County Flood Control and Water Conservation District, Colusa County Resource Conservation District, Solano County Water Agency and Water Resources Association of Yolo County) that are developing management plans and projects, are responsible to their respective electorates, and are devoting staff to the process, and shall take the lead as described in the “Governance Section” below. These agencies are signatories to this MOU.

Other Public Agencies: Other Public Agencies, which are not Regional Public Agencies (e.g. cities) are invited to participate in the development of the Westside Subregion IRWMP.

Contributing Entities: Stakeholders are considered valuable contributors and shall be invited and encouraged to participate.

Regulatory Agencies: These agencies, such as but not limited to the Central Regional Water Quality Control Board and the Department of Fish and Game, will be invited to participate. If they cannot participate in work meetings, representatives of the committee will keep them advised of planning efforts and project progress and seek guidance as needed.

## **5. EXISTING IRWMP EFFORTS**

Some of the Regional Public Agencies have adopted IRWMPs or equivalent documents that will be used as a foundation for a Subregional IRWMP. They are:

Solano Agencies Integrated Regional Water Management Plan and Strategic Plan  
([http://www.scwa2.com/UWMP\\_IRWMP.aspx](http://www.scwa2.com/UWMP_IRWMP.aspx))

Yolo County Integrated Regional Water Management Plan  
([http://www.yolowra.org/irwmp\\_documents.html](http://www.yolowra.org/irwmp_documents.html))

## **6. MUTUAL UNDERSTANDINGS**

### **Need for a Subregion IRWMP**

To foster increased coordination, collaboration and communication between water-related agencies and interested stakeholders that may result in more effectively managed resources, cost efficiencies and better service to the public.

A qualified IRWMP is required by state law for receiving IRWMP implementation grants from Proposition 84 funds and will likely be required for any future state funding programs.

## **Subject Matter Scope of the IRWMP**

An IRWMP needs to include, but may not necessarily be limited to, water supply, water quality, wastewater, recycled water, water conservation, storm water/flood control, watershed planning, climate change and aquatic habitat protection and restoration. It is acknowledged that the management plans of each individual public agency are based, in part, on the land-use plans within an agency's jurisdiction. Therefore, when developed, the IRWMP will be designed to have incorporated the land-use plans and assumptions intrinsic to the respective water-related service function.

## **Geographical Scope of the IRWMP**

The boundaries of the Westside Subregion of the Proposition 84 Sacramento River Funding Area are shown in the attached map included in Exhibit A.

## **Governance**

The Governing Bodies of the Regional Public Agencies will appoint representatives to an IRWMP Coordinating Committee, hereafter referred to as Coordinating Committee (CC), which will be comprised of one staff representative and an alternate from each of the Regional Public Agencies. The CC will apply on behalf of the Subregion for Proposition 84 grant funding to develop the IRWMP. The CC serves as the governing and decision-making body for the Westside IRWMP Funding Subregion during development of the Plan. The Final IRWMP will be approved by the Governing Bodies of the Regional Public Agencies. Other Public Agencies will also be asked to adopt the Final IRWMP. The completed IRWMP may recommend a different Governance structure for Plan Implementation.

The Yolo County Flood Control and Water Conservation District (YCFCWCD) shall act as the Proposition 84 Lead Applicant/Fiscal Agent during development of the Plan addressing fiscal and contract responsibilities of the Westside Subregion within the purview of this MOU. YCFCWCD has been elected to serve this role by consensus of the CC. The Planning Grant application shall be completed reflecting this relationship and upon grant approval the grant shall be managed reflecting this arrangement.

The CC is responsible for making decisions and taking actions during the development of the Plan including, but not limited to, identifying Plan goals and objectives, prioritizing projects, hiring and managing consultants, and managing funding agreements. Any decisions made by the CC within the Westside Funding Subregion Boundary will be by consensus of all the CC members. Any decisions by the CC shall not cause an increase in expenditures beyond amounts authorized by the Governing Bodies of the Regional Public Agencies in the "Cost Share" provision of this MOU.

The CC will have a Chair and Vice Chair. The Vice Chair assumes duties of the Chair when the Chair is unavailable. In the event the Chair and Vice Chair are unavailable, the two will jointly designate an acting Chair.

### **Term**

This MOU shall take effect upon signature or counter signature of the parties. This MOU shall expire on December 31, 2013 or upon its replacement by a subsequent MOU, Agreement, Joint Powers Authority Agreement, or other instrument. It is expected that the Final IRWMP shall recommend a long-term Westside Subregion governance structure.

### **Cost Share**

The Regional Public Agencies have committed to funding a Proposition 84 Planning Grant application for the purposes of developing a Westside IRWMP.

The Regional Public Agencies agree to a formula for cost share should the Planning Grant application be successful. Based largely on their relative geographic area and population within the Westside Funding Subregion, the local cost share for the development of the IRWMP shall not exceed 28.58% each for Lake County Watershed Protection District, Solano County Water Agency, and Water Resources Association of Yolo County, and shall not exceed 14.29% for Napa County Flood Control and Water Conservation District. The cumulative local cost share shall not exceed \$334,000 without amendment to this MOU by the Governing Bodies of the Regional Public Agencies. The \$334,000 is the minimum required local cost share of 25% of the IRWMP planning grant of \$1,000,000 (total project cost of \$1,334,000). Local cost share may include direct funds and in-kind services. The cost share is expected to be expended over three fiscal years (FY 2010-2011 through FY 2012-2013).

### **Non-binding nature**

This document and participation in the development of an IRWMP effort are nonbinding, and in no way suggest that any agency may not continue its own planning and implementation of projects.

### **Personnel**

It is expected that Regional Public Agencies contribute staff time necessary to meet the goals of this MOU.

### **Reports and communications**

Members of the CC will regularly report on the development and status of the Westside Subregion IRWMP to their respective Regional Public Agencies and stakeholders.

### **Execution**

This MOU may be executed in counterparts and the signed counterparts shall constitute a single instrument. The signatories to this MOU represent that they have the authority to bind their respective agency to this MOU.

**7. SIGNATORIES TO THE MEMORANDUM OF MUTUAL UNDERSTANDINGS.**

We the undersigned representatives of our respective agencies, acknowledge the above as our understanding of the development of an Integrated Regional Water Management Plan for the Westside Subregion of the Sacramento River Funding Area.

**RESOLUTION NO. 1001  
OF THE BOARD OF DIRECTORS OF  
WATER RESOURCES ASSOCIATION OF YOLO COUNTY  
APPROVING AMENDED WESTSIDE REGIONAL WATER MANAGEMENT GROUP  
MEMORANDUM OF UNDERSTANDING FOR A PROPOSITION 84 PLANNING GRANT  
APPLICATION FROM THE CALIFORNIA DEPARTMENT OF WATER RESOURCES**

WHEREAS, The Water Resources Association of Yolo County (WRA) is one of the five signatories of the Westside Regional Water Management Group memorandum of understanding (MOU) which includes Lake County Watershed Protection District, Napa County Flood Control and Water Conservation District, Colusa County Resource Conservation District, Solano County Water Agency and the Water Resources Association of Yolo County (WRA); and

WHEREAS, The WRA has participated in the Westside Group's effort to update the MOU and has reviewed and concurs with the recommended amendments to the original MOU; and

WHEREAS, Two of the primary MOU amendments involve: (1) designation of a lead agency and fiscal agent for the Proposition 84 planning grant application process; and (2) designation of two (2) WRA representatives to serve on the Westside Group's Coordinating Committee to facilitate governance of the Westside Group activities over time; and

WHEREAS, The Yolo County Flood Control and Water Conservation District (YCFCWCD) has been designated, by consensus of the Westside Group, as the Proposition 84 planning grant lead agency and fiscal agent on behalf of the Westside Group, and the YCFCWCD Board of Directors has authorized this role per action taken at their September 7, 2010 meeting; and

THEREFORE, The Chair of the Board of Directors of the WRA is hereby authorized to execute the amended Westside Group MOU to meet the governance requirements of the Proposition 84 funding guidelines and to formalize the role of YCFCWCD as the lead agency and applicant on behalf of the Westside Group for the Proposition 84 planning grant process; and

NOW, THEREFORE BE IT RESOLVED, that the WRA Board hereby authorizes the following two individuals to serve as its representatives on the Westside Group Coordinating Committee: Tim O'Halloran and Jacques DeBra. These two (2) representatives shall serve on the Coordinating Committee governance structure of the Westside Group within the authorities specified in the MOU and shall periodically inform the WRA Board of its activities and progress.

Passed and adopted at a meeting of the Water Resources Association of Yolo County on September 20, 2010.

Water Resources Association of Yolo County

**APPENDIX 2****Initial List of Stakeholders to be Included in IRWMP Input Meetings**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
<b>Wholesale and retail water purveyors; including a local agency, mutual water company, or a water corporation as defined by Section 241 of the Public Utilities Code</b>		
Member agencies of SCWA in the Westside Region: City of Dixon, City of Rio Vista, City of Vacaville, Solano Irrigation District, Maine Prairie Water District, Reclamation District No. 2068	Solano	The member agencies of SCWA generally allow SCWA to act on their behalf in regional water resource decision making. Therefore, the SCWA member agencies will not have a direct working relationship with the Westside RWMG – although they will be invited and encouraged to participate in Westside RWMG meetings.
Adams Springs Water District, Anderson Springs CSD, B.I. Mutual Water Company, Buckingham Park Water District, California Cities Water Company, Callayomi County Water District, City of Lakeport, Clearlake Oaks County Water District, Cobb Area County Water District, Cobb Mountain Water Company, Corinthian Bay Mutual Water Company, Crescent Bay Improvement Company, Glenhaven Mutual Water Company, Golden State Water Company, Hidden Valley Lake Community Services District (HLCSD), Highlands Mutual Water Company, Jago Bay Mutual Water Company, Kelseyville Co Waterworks District 3, Konocti County Water District, Lake County, Lake County Watershed Protection District, Loch Lomond Mutual Water Co, Los Brez's Park Homeowners Association, Lower Lake County Water District, Lucerne Water Co. - Cal Water Service, Mt. Konocti Mutual Water Company, Nice Mutual Water Company, Pine Grove Water System, Riviera West Mutual Water Co., Sunrise Shore Mutual Water Company, and Upper Lake County Water District.	Lake	The listed water purveyors in Lake County are (and have been) invited to participate in Lake County IRWM meetings which began in May 2007. Issues were identified, and goals and objectives are being developed. Lake County WPD is utilizing a collaborative and consensus-based process to develop the goals and objectives to address the issues identified. Sharing of data, information and resources is encouraged. As the process moves further along with the Westside RWMG, workgroups in Lake County will be formed to develop the initial strategies for addressing these goals and objectives.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
City of Davis, City of West Sacramento, City of Winters, City of Woodland, Dunnigan Water District, Reclamation District 2035, Reclamation District 108, UC Davis, and the Yolo County FC&WCD.	Yolo	These water agencies are all members of the WRA of Yolo County and therefore have much experience collaborating with each other and educating each other on individual agency water projects. For almost twenty years the WRA of Yolo County has served as a forum for interactions between the listed water agencies in Yolo County and the listed stakeholders. The WRA members will be represented by the WRA at the Westside RWMG meetings. As the Westside RWMG develops, these agencies in Yolo County will communicate at regular WRA meetings and collectively develop strategies and recommendations for the WRA to report to the Westside RWMG.
Napa Berryessa RID, Lake Berryessa RID, Napa County FC&WCD, Spanish Flat Water District, and Circle Oaks County Water District	Napa	The Napa County FC&WCD will invite the Districts to participate and will relay important information to them through the Westside effort and the Napa County IRWMP Planning Advisory Committee (PAC). The Napa County PAC will be actively involved in disseminating information from the Westside RWMG planning process to the Districts as needed.
<b>Wastewater Agencies</b>		
City of Dixon, City of Rio Vista, City of Vacaville	Solano	These cities do not have a current wastewater-related working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings in this capacity.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
City of Lakeport, Clearlake Oaks County Water District, Hidden Valley Lake Community Services District (HVLCSO), Lake County Sanitation Districts, Kelseyville Co Waterworks District 3, and Los Brez's Park Homeowners Association.	Lake	These wastewater agencies in Lake County do not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings. They have however, been invited to participate in Lake County IRWM meetings where the sharing of data, information and resources is encouraged. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing the goals and objectives identified in the local IRWMP meetings for return to the entire group.
City of Davis, City of West Sacramento, City of Winters, and City of Woodland	Yolo	These cities with wastewater responsibilities are all members of the WRA of Yolo County and therefore have much experience collaborating with each other and educating each other on individual agency water projects. The WRA members will be represented by the WRA at the Westside RWMG meetings. As the Westside RWMG develops, these agencies in Yolo County will communicate at regular WRA meetings and collectively develop strategies and recommendations for the WRA to report to the Westside RWMG.
Napa Sanitation District, Napa Berryessa Resort Improvement District, Lake Berryessa Resort Improvement District, Spanish Flat Water District, Circle Oaks County Water District	Napa	Invite the Districts to participate and will relay important information to them through the Westside effort and the Napa County IRWMP Planning Advisory Committee (PAC). The Napa County PAC will be actively involved in disseminating information from the Westside RWMG planning process to the Districts as needed.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
<b>Flood Management Agencies</b>		
Central Valley Flood Protection Board	Colusa, Solano, Lake, Yolo	The Board manages State Project levees in the Central Valley watershed, including levees in Lake, Solano and Colusa Counties. Many of the Project levees are maintained by local agencies, who participate in the Westside RWMG. The Board is expected to play an active role in the Westside RWMG IRWM planning process, especially regarding floodplain management issues.
City of Davis, City of West Sacramento, City of Winters, City of Woodland, Reclamation District 2035, UC Davis, Yolo County FC&WCD,	Yolo	These agencies in Yolo County with storm drainage and flood management responsibilities are all members of the WRA of Yolo County and therefore have much experience collaborating with each other and educating each other on individual agency water projects. The WRA members will be represented by the WRA at the Westside RWMG meetings. As the Westside RWMG develops, these agencies in Yolo County will communicate at regular WRA meetings and collectively develop strategies and recommendations for the WRA to report to the Westside RWMG.
City of Clearlake, City of Lakeport, Hidden Valley Lake Community Services District (HVLCD), Lake County, Lake County Watershed Protection District (WPD)	Lake	These agencies in Lake County with stormwater and/or flood management responsibilities do not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings. They have also been active participants in Lake County IRWM meetings. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing these goals and objectives for return to the entire group.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Napa County FC&WCD	Napa	As a member agency, the Napa County FC&WCD will be actively involved in Westside RWMG IRWM planning.
SCWA, Solano County, City of Vacaville, City of Rio Vista, City of Dixon, Solano Irrigation District, Maine Prairie Water District, Reclamation District 2068, Dixon Resource Conservation District, and other various Reclamation Districts in Solano County	Solano	Except for SCWA, these agencies in Solano County with stormwater, drainage or flood management responsibilities do not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings. SCWA is a member agency of the Westside RWMG and will represent the listed agencies at the Westside RWMG discussions.
<b>Municipal and County Governments and Special Districts</b>		
Colusa County RCD	Colusa	As a member agency, Colusa County RCD will be actively involved in Westside RWMG IRWM planning.
Yolo County FC&WCD	Colusa, Lake, Yolo	Colusa County RCD recognizes the Yolo County FC&WCD as a stakeholder for water rights from Bear Creek. Lake County also works with Yolo County FC&WCD regarding operation of Clear Lake and other issues of mutual concern. Yolo County FC&WCD serves is an active member of the WRA of Yolo County and as such will be represented by the WRA at the Westside RWMG meetings. The Yolo County FC&WCD will communicate at regular WRA meetings with other agencies in Yolo County and collectively develop strategies and recommendations for the WRA to report to the Westside RWMG.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Colusa County Groundwater Commission	Colusa	Colusa County RCD coordinates with the Colusa County Groundwater Commission. As a member agency, Colusa County RCD will be actively involved in Westside RWMG IRWM planning.
Napa County Regional Park and Open Space District	Napa	The Open Space District does not have a current working relationship with the Westside RWMG. The Napa County FC&WCD will invite the Open Space District to participate in Westside RWMG IRWM planning.
Colusa County Department of Planning and Building	Colusa	Colusa County RCD coordinates with the Colusa County Department of Planning and Building. As a member agency, Colusa County RCD will be actively involved in Westside RWMG IRWM planning.
West Lake RCD, East Lake RCD	Lake	The West Lake and East Lake RCD do not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings. The West Lake and East Lake RCD have been active participants in Lake County IRWM meetings and as the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing the goals and objectives identified in the local IRMWP meetings for return to the entire group.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Napa County Conservation, Development and Planning Department (Napa County CDPD), Napa County Department of Environmental Management, Napa County Department of Public Works	Napa	The Napa County FC&WCD will invite these Napa County Departments to participate in Westside RWMG IRWM planning and will relay important information to them through the Napa County PAC on a regular basis. Napa County CDPD and other Department staff attend the PAC meetings and will also receive regular updates from Napa County FC&WCD.
Big Valley Groundwater Management Zone Commission	Lake	The Commission advises Lake County WPD on management issues in the Big Valley groundwater basin and takes an active role in Lake County IRWM efforts.
Lake County Department of Public Works	Lake	The Lake County Department of Public Works does not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings. Lake County Department of Public Works staff attends Lake County IRWM working group meetings. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing the goals and objectives identified in the local IRMWP meetings for return to the entire group.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Yolo County RCD	Yolo	Yolo County RCD is an active participant of the WRA of Yolo County and therefore has much experience collaborating with the Yolo County WRA members. For almost twenty years the WRA of Yolo County has served as a forum for interactions between Yolo County stakeholders. The WRA members will be represented by the WRA at the Westside RWMG meetings. As the Westside RWMG develops, agencies in Yolo County will communicate at regular WRA meetings and collectively develop strategies and recommendations for the WRA to report to the Westside RWMG.
Solano RCD and Dixon RCD	Solano	The Solano and Dixon RCD does not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings.
<b>California Native American Tribes that have lands within the region</b>		
Big Valley Band of Pomo Indians, Scotts Valley Band of Pomo Indians, Habematolel Pomo of Upper Lake, Robinson Rancheria of Pomo Indians, Elem Indian Colony of Pomo Indians, Middletown Rancheria of Pomo Indians	Lake	Lake County maintains working relationships with the tribes and works cooperatively with them on projects of mutual interest. Although these tribes do not have a current working relationship with the Westside RWMG, they will be invited and encouraged to participate in Westside RWMG meetings. They have also been invited to participate in Lake County IRWM meetings. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing the goals and objectives identified in the local IRWMP meetings for return to the entire group.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Yocha Dehe Wintun Nation	Yolo	The WRA coordinates with the Yocha Dehe Wintun Nation on water-related issues.
<b>Land Use Authorities</b>		
All cities and counties in Westside RWMG	Colusa, Lake, Napa, Solano, Yolo	Vacaville, Dixon, Winters, Davis, Woodland, West Sacramento, Lakeport, Clearlake, Middletown
<b>Watermaster for Adjudicated Surface Water or Groundwater Basins</b>		
Upper Putah Creek Watermaster	Solano, Napa, Lake	The Upper Putah Creek Watermaster is funded by SCWA and surface water right holders. SCWA is part of the Upper Putah Creek Watermaster advisory committee. SCWA is a member agency of the Westside RWMG and will represent the Upper Putah Creek Watermaster at the Westside RWMG discussions.
<b>Self-supplied water users, including agricultural, industrial, residential and park districts, school districts, colleges and universities, and others</b>		
University of California Cooperative Extension	Colusa, Lake, Napa, Solano, Yolo	The Cooperative Extension provides input on agricultural and wildlife habitat issues to the public and agencies. The Cooperative Extension will play a major role in the Westside IRWM process.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Private ranches/landowners	Colusa, Lake, Napa, Solano	The Colusa County RCD works with private ranches within the watershed. As a member agency, Colusa County RCD will be actively involved in Westside RWMG IRWM planning. The Lake County WPD is the lead agency representing Lake County and has been involved with the Westside RWMG since inception. Napa County Department of Environmental Management inspects, permits, and manages private groundwater wells and septic systems in the unincorporated County. The Napa County FC&WCD will invite the Napa County Department of Environmental Management to participate in Westside RWMG IRWM planning and, in addition, will relay important information to them through the Napa County PAC on a regular basis. The Solano County Water Agency is the lead agency representing Solano County and has been involved with the Westside RWMG since inception.
<b>Environmental stewardship organizations including watershed groups, fishing groups, land conservancies, and environmental groups</b>		
Solano Land Trust	Solano	The Solano Land Trust does not have a current working relationship with the Westside RWMG, but will be invited and encouraged to participate in Westside RWMG meetings.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Lake County Land Trust	Lake	The Lake County Land Trust works cooperatively with private property owners, Lake County, state and federal agencies, and other stakeholders to preserve important habitat in Lake County. Although the Trust does not have a current working relationship with the Westside RWMG, it will be invited and encouraged to participate in Westside RWMG meetings. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing these goals and objectives for return to the entire group.
Napa County Land Trust	Napa	The Napa County FC&WCD will invite these Napa County Departments to participate in Westside RWMG IRWM planning and, in addition, will relay important information to them through the Napa County PAC on a regular basis.
Tuleyome	Colusa, Yolo, Lake	Colusa County RCD and Yolo County FC&WCD recognize Tuleyome as a stakeholder and maintain dialogue with this environmental stewardship organization. Tuleyome will be invited and encouraged to participate in Westside RWMG meetings. Yolo County FC&WCD is an active member of the WRA of Yolo County and as such will be represented by the WRA at the Westside RWMG meetings. As a member agency, Colusa County RCD will be actively involved in Westside RWMG IRWM planning.

**Initial List of Stakeholders to be Included in IRWMP Input Meetings, cont'd...**

Agencies or Stakeholders	Counties Involved	Working Relationship with Westside RWMG
Cache Creek Conservancy, Cache Creek Watershed Forum	Colusa, Yolo, Lake	Colusa County RCD and Yolo County FC&WCD recognize Cache Creek Conservancy and the Cache Creek Watershed Forum as stakeholders and maintain dialogue with these conservation organizations. Both the Cache Creek Conservancy and the Cache Creek Watershed Forum will be invited and encouraged to participate in Westside RWMG meetings. As the process moves further along with the Westside IRWM, workgroups in Lake County will be formed to develop the initial strategies for addressing these goals and objectives for return to the entire group.
